OBJECTIVE

Detail-oriented Full Stack Developer with hands-on experience in building scalable, secure, and high-performance web applications using Django, Django REST Framework, React, and PostgreSQL. Currently contributing to real-world enterprise systems including Employee Payroll and Loan Management platforms. Strong foundation in backend architecture, REST APIs, real-time features, and role-based systems. Passionate about clean code, system optimization, and continuous learning.

TECHNICAL SKILLS

Backend: Python, Django, Django REST Framework

Frontend: React, Redux, HTML5, CSS3

Database: PostgreSQL, SQLite

Real-Time Async: WebSockets, Celery

Tools Platforms: Git, GitHub, REST APIs

Soft Skills: Problem Solving, Critical Thinking, Time Management, Communication

PROFESSIONAL EXPERIENCE

Software Engineer (Full Stack), Entregar Solutions – Kollam, India June 2025 – Present

- Designed and developed a full-stack Employee Management system using Django REST Framework, React, and PostgreSQL with role-based authentication (Admin, Manager, Team Lead, Employee).
- Developed a production-grade Loan Management System handling loan applications, approvals, disbursement, and repayment tracking.
- Built interactive dashboards and reports for attendance, salary, and employee performance using React and FullCalendar.
- Implemented role-based workflows for Admin, Manager, Team Lead, and Processor roles.
- Designed REST APIs for loan lifecycle management including EMI schedules, borrower profiles, and status tracking.
- Improved performance using optimized database queries and API-level caching.
- Ensured secure access control and scalable backend architecture suitable for enterprise use.

Django Developer Intern, Yuva Tech Solutions – Sreekariyam, Trivandrum Feb 2024 – Dec 2024

- Developed and maintained web applications using Django and Python.
- Refactored legacy Django code by upgrading dependencies, restructuring models, and optimizing database queries.
- Improved application maintainability and performance for active client deployments.
- Collaborated with senior developers to deliver production-ready features.

Projects

Villa Agency

- Web platform for booking villas for vacation stays
- Tools Used: Django, HTML5, CSS3

Carvilla

- Luxury vehicle rental portal with admin and customer modules.

- Tools Used: Django, HTML5, CSS3

EDUCATION

Bachelor of Technology : Mount Zion College Of Engineering, Kadammanitta 2019 – 2023

- **Computer Science and Engineering**

Board of Higher Secoundary Educations : MMHSS, Uppoddu 2017 – 2019

- **Science**
